IMPORTANT ECONOMIC INFORMATION

During the past few years, low interest rates, war and uncertain stock market performance combined to push prices of gold and silver to their highest levels in 25 years. We have studied the investment and retail markets for decades, and in the past during times of economic uncertainty (which is deepening now), there have been dramatic price declines in many areas of the jewelry, gold and retail markets. Which is why this may be the best time in decades for you to sell for some of the highest prices ever.
