Parade Home 2

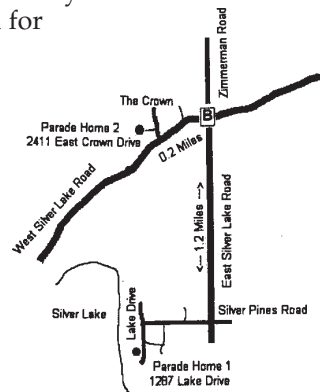

2107 square foot
3 Bedrooms
2.5 Baths

The appeal of this beautiful home begins at the curb. Nestled into the pines and hardwoods on Lot #1 of the Crown Golf Course this 3 bedroom 2.5 bath home offers a large, pillared front porch and unique floor plan. It is a contemporary classic mixing arts and crafts details with soaring vaulted ceilings and cozy built-ins. The easy flow of the angled floor plan relaxes while the color palette invigorates. The best way to define the décor is casual elegance. You will feel comfortable sitting in front of the gas fireplace flanked by hand crafted cabinets and awed by the craftsmanship of the custom wrought iron work in the half bath (created by a local artist). There is a surprise around every corner. Granite counter tops, stainless steel appliances, french doors, window seat, custom tile shower with body sprays, heated bathroom floor, central vacuum, air-conditioning, and creative ceramic tile are par for the course. From the multipurpose laundry room to the charming loft this home exudes character. Cottage style windows are the direct link to the unobstructed golf views throughout. You will feel like every day is a vacation in this custom fairway home. Please come experience the attention to detail for yourself.
