

9675 Echo Valley Drive
Traverse City, MI 49684

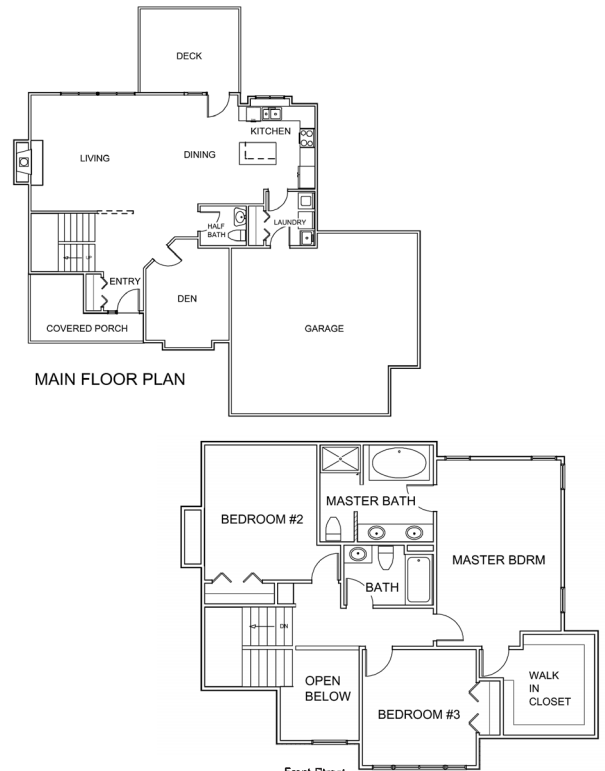

Parade Home 4

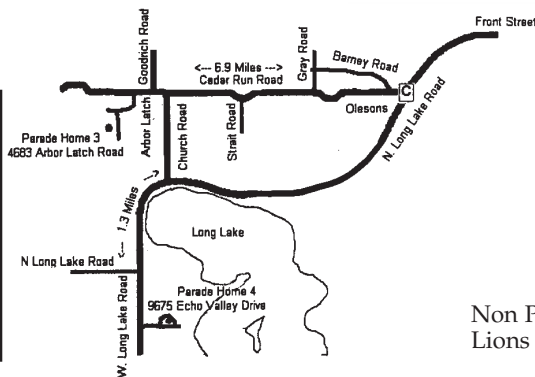

2150 square foot
3 Bedrooms
2 1/2 Baths

Welcome home to the warmth and charm of this two story, traditional home. This home features a spacious, open floor plan. The living room, with its' 9 ft ceiling is framed with arched openings and graceful columns. It includes a natural gas fireplace, custom-built bookcases, and entertainment center. Gleaming red birch floors set the warm tones used in the décor. The kitchen, with its' center island and built in pantry, is designed with family in mind. Black Galaxy granite countertops and mocha glazed maple cabinetry accent the finishing touches of this beautiful kitchen. French doors open to a private study and a split staircase offers a glimpse over the balcony to the open foyer below. Two spacious bedrooms, a full bathroom, and the master suite are found upstairs. The master suite features a garden tub with views from the bay window, a separate shower unit, and large walk-in closet.

Quality and experience have combined to make this a truly livable, family home. Silverwood Enterprises is proud to present this home in the 2003 Parade of Homes and we know you will enjoy seeing it.
