1344 square foot  
3 Bedrooms  
2 1/2 Baths

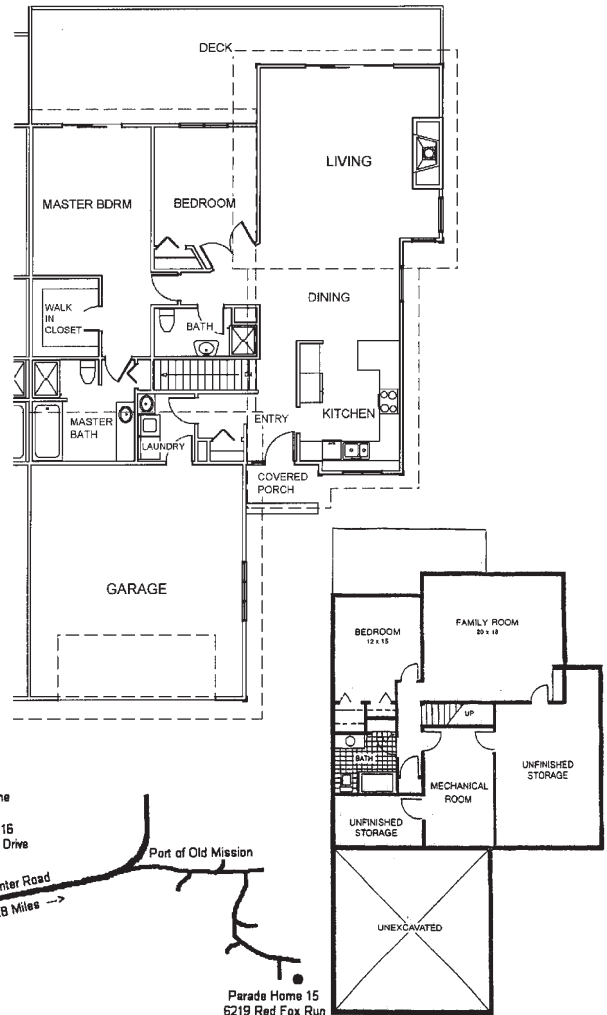

There are some very unique partnerships in the world. We have one of those special relationships with our DeKorne Ethan Allen Gallery. We have worked in harmony with Marlene Holmes, interior designer, to present this year's Masterpiece.

Our ensemble of craftsmen & women who help produce our homes are true artisans and take a level of pride in their work, which is exemplary. Our passion for building the best in townhouse living is insatiable. With each year and with each home, we are given another opportunity to create new and innovative ideas utilizing new products within our planned unit development. We boast a true understanding and respect for the unique terrain here at Port of Old Mission and are blessed with Location!

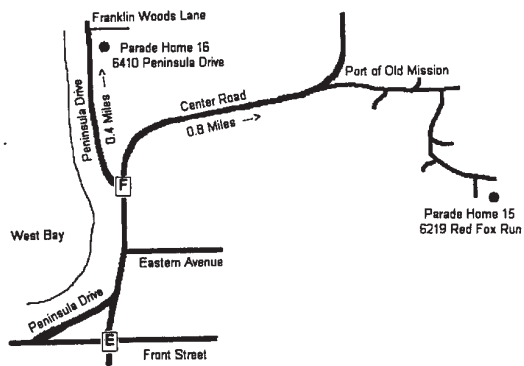

Details - Granite counter tops, wood floors, two fireplaces, a well planned master suite area, wet bar, built ins, displace nooks, curved wall, East Bay views and so much more this home is simply a rhapsody of eye candy...

Port of Old Mission is a custom townhouse condominium project located five minutes from downtown Traverse City. We have beautiful East Bay water views and wooded sites available. We would love to show you our latest designer home and then build YOUR dream. This relaxed lifestyle will surprise you.

Post of Old Mission - close to work, close to play, close to perfection!  
ENJOY!
