

Tall ship Manitou offers summer tours

The tall ship Manitou, a 114-foot schooner, is making Traverse City its home this summer.

Replacing the 66-foot Westwind, which Traverse Tall Ship Co. sold last year, the Manitou will go on two-hour tours three times per day.

Bed and Breakfast packages include a catered picnic lunch, a night on the ship at the pier and a full breakfast cooked on the Manitou's wood-burning stove.

For information, call (800) 968-8800, 941-2000 or check out www.tallshipsailing.com.
