Renovated marina to open in downtown Traverse City

TRAVERSE CITY — A \$10.3 million facelift to the Duncan L. Clinch marina brings a new look — and facilities — to the downtown waterfront.

A highlights includes new floating wooden docks. A stone breakwater has been constructed off the northwest corner. A new harbor-master building includes

seven shower stalls, a laundry room and lounge area for boaters.

“It’s going to be the finest harbor on this side of (Lake Michigan),” city harbor-master Bernie Fleetwood said.

The renovations have created 66 transient boat slips and 64 seasonal slips, plus room for up to 30 addition-

al craft to tie up to the two breakwalls. More boats could drop anchor in the marina during severe weather, officials said.

There were around 102 slips in the marina before.

The project marks the marina’s first significant upgrade since it opened in 1960. A formal grand opening is scheduled for Aug. 7.
