## ATTENTION!

### Retired State of Michigan Employees!

- Does your 457 & 401(k) offer the depth of investment choices to enable you to adequately help protect your investment, particularly to retirees taking distributions?
- Does your plans offer "personal" assistance in advising you on how to allocate your investment to help maximize your return.
- Can your beneficiaries take monthly distributions versus a lump sum payoff from your plans when you die?

I can help with the answers to these questions. I've worked with the state pension system for 30 years and am keenly aware of the 457 and 401(k) regulations.
