

All it takes is one lucky pin

Thanks to Grand Bay Marine, one lucky gold pin winner will take home a brand new 2004 Crownline 180 BR Sport Boat, powered by Volvo Penta, on a custom Eagle Trailer.

"It's going to be a killer boat," said John Brown, director of the pin program.

Festival-goers will have a week-long opportunity to view the watercraft at the Festival Open Space Park.

Runners-up will take home a Royal Caribbean Cruise, provided by Passageways Travel.

Festival-goers can pur-

chase the 2004 Commemorative Pins for \$3 and qualify to win at various venues during the Festival. The pin allows entry to the upper deck for music and into the beverage pavillion., and is good for the whole week.

"I've got 55,000 pins," Brown said. "And there are four gold pins for every hundred."

The gold pins include a gold-lettered coupon that must be filled out and returned to the Festival office or the information booth. Brown said he wants

people to make sure to fill out the coupons if they get a gold pin.

"Without the coupon they've got nothing," he said. "They need the coupon to put in the lottery."

Thirty names will be drawn throughout the day on Saturday, July 10, beginning at 2 p.m.. At 5 p.m. a drawing for the ten finalists will take place., with the final drawing at 7 p.m.. The ten finalists will each receive gift certificates for places around the area.

Brown said he wants everyone to understand that

Purchasing a \$3 commemorative pin is the only way for festival-goers to see if they can qualify to win this Crownline sport boat presented by Grand Bay Marine.

the pin is not only for winning prizes.

"They're buying a sou-

venir from the Cherry Festival," he said. "It's a beautiful pin."

Smoke safety by TC Fire Dept.

BY GINA GOODMAN
Record-Eagle staff writer

Both children and adults will benefit from taking a trip through the simulated fire and smoke-filled rooms of the Traverse City Fire Department Public Education Trailer.

For years the trailer has been down at the Open Space during the National Cherry Festival to educate people on how to react in case of a fire.

"We run participants through the trailer to simulate smoke in a house and show them how to get out with no visibility," said Fire Chief Edward Fisher.

Those who wish to participate should come to the trailer, which is located at the main gate of the Open Space, down Marina Drive. A short presentation with a video is shown under a large tent; then the audience is invited to go through the trailer.

"We have a lot of positive feedback," Fisher said. "Many people have never

been in a situation like that."

The trailer is filled with non-toxic smoke which limits its visibility, and participants must navigate through the halls of the trailer, much like a maze.

Fisher said they teach people to use one hand at all times.

"By always mainting con-

tact with the wall, you can eventually find your way out," he said.

Ages 6 and up are encouraged to participate. The program will be open daily from 12 p.m.-8 p.m., but will close during parades and the Festival Airshow.
