

Jeff Simonis has been building homes for over 20 years and has earned a reputation for quality craftsmanship and materials in the homes he builds. For quality craftsmanship, Jeff turns to his team of employees, and sub-contractors. For quality products Jeff has relied on Brown Lumber from the beginning.

Products like CertainTeed WeatherBoards fiber-cement siding, give the look of cedar, but are insect and UV resistant. With an array of beautiful colors to choose from, a 50 year warranty on the material, and a 12 to 25 year warranty on the finish, CertainTeed WeatherBoards are far superior to wood siding.

Brown Lumber...Building Our Community for 100 Years
