EXFLEX Exclusively at Premier Flooring Solutions
Have you considered heating your floor?

State-of-the-art Technology

- Floor Covering**
Ideal under most floor coverings
- Adhesive**
Blends into the adhesive used
- Flex-therm heating cables**
Primary heating system or an additional source of warmth
- Sub-flooring**
Does not require any specific floor preparation

Can be easily installed over the sub-flooring and underneath any type of floor covering without affecting the floor's elevation
 Can be adapted to rooms of any size or shape
 Can be used as a primary heating system or to supply additional warmth
 Require no maintenance and have a lifespan equal or superior to that of the floor covering
