RESIDENCE: Traverse City
EDUCATION: B.S., civil engineering, Michigan Technological University.

POLITICAL CAREER: None.
PROFESSIONAL CAREER: 14 years in civil engineering consulting business; 6 years as owner of Integrity Engineering Inc., registered civil engineer in 15 states.

TOP ISSUE/WHY? To urge voters to choose the most experienced and qualified professional for the job in order that the drain commission office can operate effectively "in-house" without relying on outside engineering consultants for project reviews. This will ultimately keep permit applicants' costs down as well as minimize permit approval time.

WHY VOTE FOR YOU? Working in Grand Traverse County as a registered civil engineer for the past 10 years, I have established a close working relationship with the drain commission office staff and local ordinances on 20 successfully permitted drainage related projects.
