

# Rooted in your community.

At DTE Energy, there's a very real spirit of community. We know we have the power to make a difference, both as a company and as individuals. Whether it's planting trees, expanding greenways, or partnering with Northwestern Michigan College to establish the DTE Energy Freshwater Institute for Teachers – we're here, in ways large and small, helping this community we share be the best it can be. Call 231.995.1793 today for information on the DTE Energy Freshwater Institute for Teachers.
