From the President

Welcome to the 16th annual Parade of Homes and Developments! As a proud participant in all of the past 16 Parades sponsored by the Home Builders Association of the Grand Traverse Area; I am continually amazed by the new innovation and craftsmanship brought to you by the skilled men and women in the construction industry. These people are simply gifted, and can bring their expertise right into your home. Take this opportunity to get some new ideas, learn about new products and services available for your house, or start thinking about having a new home built for you.

We thank you for your interest in the home building industry. We have 240 builder members and hundreds of suppliers and subcontractors represented in the 36 homes and 2 developments, which we are proud to present to you for your personal inspection. Our dedicated group of professionals has made a commitment to our industry with one common goal, to house America's people. We do this one home at a time, providing to you, our customer, the quality products and services you demand. The size of your project is not an issue. Big or small, it's worth the investment to work with the members of our organization. For a complete listing of our members, please call our office or stop by our office on Veterans Drive for a copy of our 2005 Membership Directory.

Thanks again for taking the time to visit our Parade of Homes and Developments. We hope you take away ideas or information, which will make your home more enjoyable. We truly build the American Dream of home ownership - one home at a time. It's all good!

Sally Erickson Bornschein, President, POM Associates, Inc.
