

2,700 Square Feet
3 Bedrooms
2½ Baths

An original design by Eugene Tanke, Registered Architect, this vacation home represents a craftsman inspired organically contemporary style. Nestled in rolling hardwoods amidst three cascading ponds, this home boasts a very unique architectural style. The floor plan provides a very efficient use of space. The spiral stairway, built by Thor's Playground, provides an interesting interior design element connecting all three levels, from the lower level which features a concrete stained floor, up to the knotty pine loft. Environmentally friendly natural materials, such as bamboo and stone, compliment the cherry cabinetry and granite countertops. The master bath features in-floor heated tile, a custom shower and a Jacuzzi with a water spout in the ceiling. State of the art electronic technology provides remote control of the climate control, plumbing, electrical and security systems. Interior design by Conner Interior and accessorized by the Elbow Room.

 **SOUTHWEST ELEVATION**
SCALE 1/4" = 1'-0"

4,348 Square Feet
4 Bedrooms
3 1/2 Baths

The Builders Alliance invites you to the Mediterranean, in the form of a new 4,348 square foot home, built with Tuscan charm and elegance. Minutes from Traverse City, nestled in a beautiful family subdivision, this home offers great unobstructed views of an open rolling meadow accompanied by a beautiful old barn with horses.

This magnificent home has a surprise around every corner. From the front entrance woodwork, to the garden entrance tiled fireplace. This home features many archways, solid dark wood doors, wide trim, custom tile, crown molding, as well as teak wood flooring that add to its allure. Cherry cabinets in the kitchen Mediterranean fixtures, and Douglas fir ceiling in the vaulted dining room is just the beginning to what is in store for you in our first Parade Home.

Other features include a Master suite with his and her closets, his and her vanities, tiled shower and deep soaking tub. Three more bedrooms, 3 and 1/2 baths, heated 3 car garage, storage room, exercise room, kitchenette with bar, den/library, Finnish sauna, large cedar deck, beautiful curved retaining walls, subterranean garden, pool table gaming area, and more. Take your time and enjoy.
